Message of Condolences for Greece Wildfire Incident

We are deeply saddened by the wildfires in Greece that took away the lives of many persons.

We extend our sincere condolences and pray to God, the Most Compassionate, to provide perseverance and comfort to the families, relatives and friends of the deceased and injured.

The people of Greece have displayed great humanitarianism for thousands of refugees seeking safety. During this difficult time, our heart goes out to Greek people. We are ready to support them to overcome these tragic wildfires. We are looking for cooperation and partnership with local Greek communities to share their pain and find ways to support people of Greece.

May Lord bless victims of this catastrophe and help all of us get through this difficult time. Please know that you are in our prayers and thoughts.

With prayers,

A handwritten signature in black ink, appearing to read 'M. Said Selmanlar', written in a cursive style.
